

Join the biggest name in Federal Workers Compensation!

Federal Injury Centers helps injured federal employees like USPS, VA, TSA employees, along with employees from all other federal agencies. This is nothing like your state's workers comp program and although it is a federal program, it is nothing like Medicare. Federal Workers Compensation is the most generous payer for a grateful group of patients.

Key Features:

Online Training Portal

In-House Billing & Preauthorization

Virtual Intake and Case Management

Established Marketing & Recognition

Efficient Systems

Custom EMR

Compliant System with Expert Legal Oversight

Extraordinary Case Values and Reimbursement

Patient App

"If you're looking to add a legitimate and stable revenue source to your practice, then use this program. You don't have to rethink any of what they teach. Just plug and play. Follow their instructions to the "T" and in a year, you will be so happy you implemented the program."

Dr. Terry - Indiana

"I would highly recommend that this program be incorporated into your office. It added a substantial increase in profitability to our practice. . . and still going."

Karen - Maryland

Chris Helms is President of Federal Injury Centers, LLC. He and his wife Gini Helms host a weekly live training event for federal employees, reaching tens of thousands of federal employees each week. In 2019, they reached over 400,000 federal employees through their live trainings. The trust built by training is a major driver for federal employees and that same training will propel all new franchise doctors to success with Federal Injury Centers.
